

ENAI-L4W4H8/3.5T01

A tall, rectangular stainless steel container with a multi-tiered cylindrical top assembly, likely a specialized storage or processing unit. The container has a flat top surface with four small, raised circular features. The top assembly consists of a wide cylindrical base, a narrower middle section, and a top cap with several small, protruding elements. The entire unit is made of polished stainless steel and is set against a plain, light-colored background.
